#### Washington News.

WASHINGTON, July 20.—General J. C. Robinson and other members of the Grand Army of the Republic say the report that their organization is concerned in seeking a change of officers in the State of New York, or having anything to do with the affair, is false.

Mexican silver dollars and United States trade dollars are purchased as bullion at the Philadelphia Mint and at the assay office in New York, at an equivalent of the London rate for silver on the day of purchase, less one-half per cent. per ounce, payable in standard silver dollars. It is expected that New Orleans will be ready to commence purchasing Mexican and trade dollars on the above terms about the first of August.

Owing to reductions in the appropriations for the Patent Office, twenty-three clerks were dismissed to-day.

The regular miscellaneous bids for carrying the mails on upwards of 700 routes were closed by the Postoffice Department this afternoon. Awards will be made soon.

Under the recent decisions of the Secretary of the Treasury, there will necessarily soon be a large quantity of gold and silver moving about. For its transportation by express the government would have to disburse large sums of money, and the question has been raised whether this coin cannot be sent in U. S. postal cars as well as through mails. Under such an arrangement the government would have to pay only about one-seventeenth of what expressage would be. The question was discussed at a Cabinet meeting yesterday, but not definitely settled. Correspondence concerning it is going on between the Treasury and Postoffice Departments.

#### Political Notes.

NEW YORK, July 20.—Collector Arthur to-day transferred his office to General Merritt, who thereupon entered upon his duties as Collector of the Port. Collector Merritt has appointed John J. Osborn, in place of John R. Lydecker, deputy collector, in charge of the third division. Osborn had previously to make room for Lydecker.

General Charles K. Graham, of New York, has been appointed Surveyor of Customs of that port, vice General E. A. Merritt, appointed Collector of Customs.

GALVESTON, Tex., July 20.—A News special from Austin says: After the thirteenth ballot in the Democratic State Convention for Governor, Throckmorton's name was withdrawn, and Lang's name again placed in nomination, amidst the wildest confusion, hisses and threats. Lang's name was withdrawn on the fifteenth ballot, when Judge Devine was placed in nomination. The sixteenth ballot resulted in Hubbard 356, Devine 644.

#### Indian Affairs.

WASHINGTON, July 20.—The Indian agent at Umatilla agency having telegraphed that many friendly Indians had lost their stock, crops and provisions, and that he had issued his private cattle to them, and asking that some arrangements be made to feed them soon or they would either have to starve or steal, Acting Indian Commissioner Leeds immediately replied: "Purchase supplies absolutely necessary, not to exceed \$3,000. I will issue certified vouchers."

The commission to negotiate with the Utes in Colorado, with a view of their removal to the northern part of the State, will meet at Fort Garland on the 25th instant, en route to the Southern Ute agency, and thence to Los Pinos and White river. The commission consists of General Edward Hatch, of the United States army; William Stickney, of the Board of Indian Commissioners, and N. C. McFarland, of Topeka, Kansas.

#### Suspended

The Times Review says there is the devil to pay at Rock creek. The Falcon mine, which had been running on jawbone, came to a sudden suspension of operations, and now it is thought the Tuscarora country has got another disastrous set-back. We hope not. The suspension of an institution propelled by jaw-bone is not enough to hurt much.

## CONDENSED TELEGRAMS.

Henry Ward Beecher will start for San Francisco August 10th.

It is authoritatively denied that Austria has uttered any menace to Italy.

The Republicans of the Illinois Eighth Congressional District yesterday renominated Greenburg L. Fort.

A Berlin dispatch says France has suggested a joint protest of the powers against the Turkish outrages in Thessaly.

The Orangemen of British America will raise a fund of \$10,000 to defend Orange prisoners and test the legality of the Order.

Negotiations are in an advanced stage whereby the Papal Nuncio residing at Munich will have jurisdiction over the Catholic church and Bishops in Prussia.

The President yesterday appointed General Badger Postmaster at New Orleans in place of J. M. G. Parker, suspended. Parker is a brother-in-law of General B. F. Butler.

Emigration from Egypt to Cyprus is proceeding on a grand scale, and it is probable that a direct service of steamer will be established between Alexandria and Cyprus.

Official inquiry into the ironclad disaster on the British coast resulted in a verdict acquitting the officers of the Grosser Kurfurst and Koenig Wilhelm, and attributing the collision to a mistake of the helmsmen of the Koenig Wilhelm.

#### Tramps in Disguise.

Says the Eureka Sentinel of the 17th: For the past three or four days a couple of people, man and wife, so called, have visited a number of private residences, representing themselves as destitute and in want of means to get to their friends in California. Their object, was to solicit money to get away, and they have been quite successful, receiving many coin donations. Yesterday they called at the house of Mr. Watson, and that gentleman noticed that the woman had a peculiarly masculine appearance. He attempted to engage her in conversation, but she was dumb, not answering any of his questions. Approaching nearer and looking into her face, which, by the way, she kept shaded with a sun-bonnet, he discovered that she was a phenomenal female—an incipient bearded woman—as the stubbled growth of what evidently promised to be a luxuriant whisker was plainly to be seen. Mr. Watson was convinced that the person was a man dressed in a woman's clothes, and proceeded to make further investigations, when the individual broke away and decamped down the street, followed by his or her companion. It is now surmised that they were two tramps, and that one of them has assumed female clothing, for the purpose of more easily exciting the sympathies of the charitable. It is probable that this exposure will stop their little game; at least, it will put citizens on their guard and cut short the beggars' field of operations.

#### Gladstone on the Berlin Treaty.

LONDON, July 20.—At the anniversary of the establishment of the Liberal Association of Bermondsey street, London, to-night, Mr. Gladstone made a long speech, in which he begged to decline resuming the leadership of the Liberal party. He powerfully attacked the manner in which the people had lately been governed. No despotic government in Europe would have dared to do what the cabinet had done by accepting such responsibilities unknown to the people. He criticised the Berlin treaty whereby England consented to replace under the despotic rule of Russia Bessarabia which belonged to free Rumania. Russia retains her claim to the heavy indemnity which she can always make a pretext for war. At the same time the treaty destroys the integrity and independence of Turkey. With regard to the convention with Turkey only one epithet is possible, namely an insane covenant. None of the great English statesmen of the last forty years would have signed it. It is, to our shame, a convention of absurdity and duplicity. It is odious to every valuable feeling of the country and has alienated the friendship of all the foreign powers. England has sold Bessarabia to Russia, the brave Montenegrin's conquests to Austria's jealousy and selfishness, the Greeks to Turkey, and lastly Turkey herself to England. Gladstone concluded by hoping the ministry would shortly be judged by an appeal to the country.

## SPECIAL NOTICES.

### EDITORIAL NOTES.

The *Flag* is published on the Russian river, and its editor therefore fancies that the European war is a matter of local significance. Listen: "All this, we may say, is Beaconsfield's work." Austria fumed and fretted, wanted her portion and her security, but took no step. Germany looked on with jealous eye as the Grand Duke swept southward with conquering standard, but Germany held aloof. Greece screamed for a bit, and Herzegovina and Servia piped shrilly in the chorus, but England acted. She alone had temerity to confront the bear with his paws on the victim's throat, and to her alone belongs the glory." There, there, now; don't give the whole game away. If you felt personally aggrieved about this matter why did you not go before the congress?

The *Sentinel* some days since made mouths at Senator Jones, and attracted some attention by showing more ignorance than usual. Senator Jones had very little to do with the Silver bill, said the *Sentinel*; was, in fact, a bystander. Now the Senator has arrived, and the *Sentinel* thinks he ought to be crowned for his able advocacy Nevada's interests on the Senate floor. What may be the difference between Jones present and Jones absent the *Sentinel* does not explain. Cassidy ought to petition the Legislature to change his name. *Sentinels*, you know, are mixed up with ideas of fidelity and all that sort of thing.

A Democratic exchange says that Grant's Nevada vote in '80 depends upon Bradley's fate in '78; that there is no better man in the State for Superintendent of Public Instruction than Prof. D. R. Sessions, of the University (?) That any respectable Democrat stands more than an even chance to beat any one mentioned on the other side for Governor. Yon Democratic guesser is conspicuously inexact. The marriage of Democratic hopes and fears is, as usual, producing crooked ideas.

The prophetic fever and affirmative itch are just now spreading among the unwashed. They have reached Eureka and Cassidy is quite low with a complication of these evils. He says that Fox is stronger than Bradley and Hagerman stouter than either. He adds that either Fox, Hagerman or Currie, with aid of Divine Providence and the suffrance of the Eureka *Sentinel*, can carry the day. The *Sentinel* is only second to Isaiah and that crowd.

The Carson papers are much pleased with the fact that the pioneers had only fifteen cars of picnics as against thirty-three last year and thirty-seven in 1876. The *Appeal* thinks it possible that had the picnic taken place at Carson the numbers would have been more satisfactory. There is no reason for such a belief, and its assertion is like the pretensions of a rooster who was neutral during the fight.

The funny man of the Lyon county *Times* says "the humorist's principal business is admittedly the stealing of other people's ideas and palming them off on an unsuspecting public as original." Those citizens of Silver City who take other papers besides the *Times* are loud in their praise of this paragrapher's disingenuous frankness.

The Cincinnati *Enquirer* heads its report of a batch of executions as follows: "Sent to Satan;" "Hell's Hinges Swing Wide Open;" "A Gang of Brutal Murderers Take a Terrible Tumble;" and "The Hangman Enjoys a Horrible Holiday."

Dr. Carver has broken 5500 glass balls in 500 minutes. Dr. Carver hurt his eyes in the scrape. Dr. Carver will be safe, however, as long as he does not attempt any rapid exercise of his brains.

### The Red Devils.

A Portland Oregon dispatch of July 19th says: From late dispatches received from Umatilla it is learned that the Indians are fortified twelve miles from the agency, between McKay and Cottonwood creeks. Colonel Sanford's column is approaching them from the south, Captain Miles from the east, Colonel Bernard from the west, and the infantry from the agency. These forces are expected to give the hostiles battle soon. The following dispatch just received from Celilo, dated the 18th, says: The steamer Northwest left Grande Ronde river yesterday at 2:30 p. m., and arrived here at 4 p. m. No signs of Indians are seen near the mouth of the Grand Ronde river. Rumors are rife in Lewiston that Moses has notified the settlers on the Spokane to look out for themselves, as he is unable to control his people, who threaten to take the war path. General Howard moved his camp from the mouth of Joseph's creek, fifty miles above Lewiston. On Tuesday, with 120 men for Sammamish.

### Lord Beaconsfield's Eastern Policy.

LONDON, July 20th.—Beaconsfield has had his ovation. There is no doubt of his present popularity, and if near elections are ordered he will probably be overwhelmingly sustained in his Eastern policy. Still there is a strong undercurrent of dissatisfaction among a large class of thinking men who hold his successes in the Eastern negotiations more brilliant than solid. Not a few hold with Goldwin Smith that the result was "diplomatic villany." The only real gain for England in the treaty with Turkey by which Cyprus was obtained is found by them in the fact that it saved the prestige of England in the East from the utter destruction in which the Berlin settlement alone would have involved it. As a means of saving prestige the work is commended as one of necessity and will be defended, but it cannot be justly claimed as a triumph of diplomacy or statesmanship. These suggestions are interesting as foreshadowing the probable future position of the English Liberals.

### Gold for Silver.

CHICAGO, July 20.—An *Inter-Ocean* Washington special says: Secretary Sherman was inquired of to-day why gold coin is paid into the Treasury in exchange for silver dollars in San Francisco. He answered, "It is to save transportation of coin. By depositing gold in San Francisco for silver, silver certificates can be obtained and transported to New York and used for the payment of custom duties, and thus the expense of transporting gold is thrown upon the government. This will no doubt bring into the Treasury both the gold and silver product of the country and will throw upon the government the expense of transporting both metals East for distribution. It is believed that it will work well, and arrangements are being made now to procure transportation at rates far less than heretofore."

### Posting of Columbus Alexander.

NEW YORK, July 20.—A *Herald's* Washington special says: Following is the posting Hunton gave Columbus Alexander: "I have given this individual an opportunity to show if he is a gentleman and a man of courage, but he has not done me the justice of one or been willing to accord me the redress of the other. He refuses to come from the protection of the police, whom he affects to despise, and I can not reach him without exposing friends to the penitentiary. I therefore proclaim him a malicious liar, vulgar blackguard and irresponsible coward. The public are therefore assured that I shall take no further notice of Columbus Alexander, or any publications from him."

### Drowned in a Water Trough.

Last Friday afternoon Mrs. George Steinmiz and her eldest daughter were found drowned in a water trough at the ranch of George Steinmiz, two miles from Eatas, California. The water in the trough was about 18 inches deep, and the feet of the dead were up and out of the water. Mr. Steinmiz, the husband and father, is absent from home in the mountains with his sheep. The circumstances indicate that the death of these persons was either caused by murder or suicide.

A Berlin dispatch announces that Russia proposes to appoint diplomatic agents at various points in Asiatic Turkey to watch Russian interests. Russia is also making an effort to secure an early construction of the proposed railway from Orenburg into Central Asia, 250 German miles.

A Berlin dispatch says that Prince Gortschakoff has returned to St. Petersburg instead of going to Windab as he intended. Gortschakoff goes to St. Petersburg to oppose the intrigues for his own overthrow and Count Schouvaloff's promotion.

Col. Jerry Moore, of Elko, is a prominent candidate for Lieutenant-Governor. If Moore is nominated he will have no trouble in beating Adams. We think, however, that Mighels has the pole.

#### Jottings.

—There will be an ice cream social at the Baptist church next Wednesday evening.

—Messrs. Roberts Bros. & Circe have dissolved partnership. Mr. Circe retires from the business.

—Attention is called to the ad. of Mr. A. J. Bunting, who runs a fast freight and passenger line between this place and Susanville.

—There was no glass ball shooting Sunday by the Sporting Club. One of the traps has been repaired and a new one will be received from San Francisco during the week. Next Sunday the shooting will be better than ever before.

EXPLANATORY.—We are informed by officers Barlow and Beemer that "Citizen" is in error in his statement of the treatment of "Pat" by these officers on Friday night. They say that Pat, whose name is Jim Sullivan, was arrested by constable Barlow about 11 o'clock and went peacefully to the jail door, but there he "kicked" or refused to go in. Barlow hit him once and they pulled him into the "sweat-box." Beemer says that he did not catch the fellow by the hair.

OUR LOCAL COLUMNS will hereafter be under the control of Arthur B. McEwen, a journalist of acknowledged experience and ability. We are influenced in this addition to our staff by a desire to give Reno a good local paper, and a long acquaintance with our new aid's industry and tact as a newspaper man. With help from our good citizens Mr. McEwen will make the GAZETTE the best local paper in the State.

A Democratic eccentric speaks gravely of "the bad odor of stultification" clinging to the Democratic party in case Bradley is nominated for a third term. The same authority says nothing of the horrible stench of inconsistency which clings to him and has made him politically an aspiring cripple for life.

## The Pioneer's Picnic.

At Bowers' Mansion, on Saturday last, there was a jolly crowd. The merchant, in store clothes, the rancher in homespun, the young lady in calico or silk, the politician in his '75 suit, the newspaper man in holiday attire, all made merry, and finally the old stiffs themselves, flanked by baked beans, sloop-jacks, etc., and cheered by whisky sour, were on hand with their old-time suits and welcome to make everybody glad. We have not space to recount the incidents of the day any farther than to say that the hospitality of '49 has retained its warmth through all the years. There was nothing to be wished for except that the "old boys" might live forever, and have picnics semi-annually. The football, archery, target shooting foot-race and the rest of the exercises went off in good form. The dancers were well entertained, and those who came unprovided with anything were cared for by the genial Nat Holmes. The picnic was a success in all respects. One hundred and thirty tickets were sold in Reno alone, and the success was due directly to the youthful fire and generous hearts which still animates the boys of '49. We endorse the remarks of Senator J. P. Jones concerning the Pioneers:

I should indeed possess a cold heart if all its sensibilities were not profoundly moved by this inspiring scene. From the moment I reached the Eastern boundaries of this brave State, I have received an enthusiastic welcome. Would that my tongue were inspired so that I might give adequate expression to the emotions that are struggling for utterance. No speaker was ever honored by a nobler audience. If there be any class on earth that deserves the praise of men and the multitude of nations it is the bold pioneer of empire, the bright, brave men who carry their country to inhospitable regions and to remotest shores. The Pioneers are the axmen of civilization, the evangelists of progress. It is the best and bravest of a land who emigrate. The weak of heart and purpose never emigrate until the restless feet of the Pioneer have marked the way.

BIRD CONCERT AT CHURCH.—A canary bird concert will be given at the Methodist church next Sunday evening. Those having canary birds are solicited to bring them to church on that evening. The choir and all who sing will also take part in a praise service. This is something novel, nor as unique as one might presume. Religious experiments are certainly in order; and effective, unsinful methods of getting people to attend church are in keeping with Christian propriety.

WORKINGMEN.—The Workingmen's club met Saturday evening at the opera-house and elected the following gentlemen as officers for the ensuing term: President, B. F. Brown; Vice-President, R. P. M. Greely; Secretary, Roger Johnson. The late President, J. A. Jones, not being present and his recent conduct being so reprehensible, his office was declared vacant and his name stricken from the membership list.

ADVENTISTS.—The Adventists' tent was comfortably filled last evening by those anxious to hear Elder Longborough's exposition of the prophecies of St. John. The discourse proved of unexpected interest, and we heard a number of persons speak in the most complimentary terms of the Elder's effort. There will be preaching in the tent this evening and each evening of this week. Services commence at 7:45 P. M.

NEW POTATOES.—We acknowledge the receipt of a quantity of new potatoes from Mr. Wm. Cobb, of Franktown. These potatoes were raised on Mr. Thompson's ranch near Franktown, and are large, well-matured potatoes. They have just come into market, and are of excellent quality, and therefore are in demand. On the Meadows spuds will not be ready for market for a month or six weeks.

PORCUPINE.—A stir was raised on the south side last night by a full quilled porcupine making a bold attempt to rob a chicken roost. Fred Teasland inquired into the business with a shotgun, and this morning all the employees of the V. & T. at this end of the road are supplied with tooth-picks.

HUNTERS RETURNED.—Mr. W. H. Gatchell and party returned last night from a two-weeks' hunt and fish in Grizzley valley, Weber and Independence lake, near Truckee. They bring back two deer, a quantity of small game, and some 300 pounds of trout. They report as usual—"jolly," "splendid," etc.

## MAIL, ETC., NORTH.

### Increased Mail and Attendant Advantages.

We learn that the mail north to Willow Ranch and Camp Bidwell will on and after the first of next month be semi-weekly instead of once a week as at present. The stage will then leave here on Mondays and Thursdays at 3 A. M. Returning, the stage will arrive here Wednesday and Saturday evenings of each week. This change of time and increase of trip has been brought about by Representative Thos. Wren, and will be greatly appreciated by the citizens of this county and those residing in north-eastern California, southern Oregon and northwestern Nevada. We will be pardoned if we express our satisfaction that a measure for which we devoted our best abilities has obtained recognition, and will be soon carried into effect. There are also other matters to be taken into consideration in connection with this improvement in communication with the people living in the sections above mentioned. Reno is their best point of trade and supply. We receive from them grain, dairy produce, poultry, etc. We can furnish them the various articles of merchandise, etc. Let our merchants and others work to the end that the full benefits accruing from a large northern trade would give, not only this place, but as well the sections with which this trade may be carried on. Lower freight and wholesale rate produce will tend to bring about the result sought. In a word, why should not Reno business men make Reno to Nevada what the business men of Sacramento are successfully making that city to California.

FOR SHERIFF.—We announce today Mr. Geo. H. Fogg, of the People's market, as a Republican candidate for Sheriff. Mr. Fogg has been a respected citizen of Reno during the past five years, and before that a resident of Virginia City from the year 1860. He will be a formidable opponent for the Democracy.

LOST.—A gold cuff button was lost last evening between the Methodist church and North Centre street. The finder will please return the same to this office.

BRANCH SUIT AND CLOAK HOUSE. Well Brothers announce to the people of Reno that they have just opened in Reno a branch of the Cleveland Suit and Cloak company. As they get their goods directly from the manufactory they can, therefore, undersell all other Reno merchants and yet make a profit on their goods. We have no auction trash, nor do we propose to sell for twenty-five cents what is worth one dollar. We therefore take pleasure in inviting the ladies of Reno and vicinity to call and inspect our stock resting assured that we shall be able to satisfy them both in regard to price and quality of the goods. Store on east side of Virginia street, Reno, Nevada. 6-5-1f WEIL BROTHERS.

SELLING OUT, JELLING OUT.—Well Brothers, of the Branch Suit and Cloak House on east side Virginia street, would inform the ladies and their patrons generally that they will close out their large stock of Ladies Embroidery and underwear, etc., by August 1st. The remainder of their stock will be sacrificed in order to close it out by the date mentioned. The ladies should call and secure bargains as early as possible. 6-5-1f WEIL BROTHERS.

I give special attention to Physician's prescriptions, filling them promptly and accurately. Making my own fluid extracts, ointments, etc. I propose to fill prescriptions from medicines of known purity and strength, at as little cost to the consumer as possible. **MISCELLANEOUS.**

**FELLOWS'**

**Compound Syrup!**

**—OF—**

**HYPOPHOSPHITES.**

**THIS DISCOVERY**

Is the result of a series of Scientific Experi-

ments based upon the theory that "for the

successful cure of Wasting Diseases, the nerv-

ous system must be made vigorous and

healthy."

One of the first symptoms of disease affect-

ing either the Liver, Lungs, Heart, Stomach,

or Genital Organs, is a loss of nervous power.

This is followed by muscular relaxation, weak-

ness, and emaciation of all the organs which

depend upon them for health or involuntary

muscular action, the weaker suffering first.

The inventor, acting upon this idea, that

the muscles and nerves depend upon each

other for efficient strength and action, and

that they must be treated directly in order to

speedily and permanently cure diseases of the

organs which they control, became convinced,

after months of experiment, that no other

preparation produced such potent and direct

effects upon the nervous system as his

**Compound Syrup of Hypophosphites**

and except in cases of actual organic loss, that

it would restore patients suffering from those

maladies.

Amongst the diseases overcome by the use

of this remedy are the following:—

*Chronic Constipation,*  
*Chronic Dyspepsia,*  
*Asthma,*  
*Chronic Bronchitis,*  
*Consumption,*  
*Chronic Diarrhoea,*  
*Chronic Laryngitis,*  
*Melancholy,*  
*Nervous Debility.*

Debility, resulting from Typhoid and other

low fevers, Diphtheritic Prostration, Hysteria,

Hypochondria, Nervous Excitability, Maras-

mus or Wasting of the Muscles, Aphonia or

Loss of Voice, Singleness of the Liver, In-

terrupted and Feeble Action of the Heart,

SUPPORTING FEELINGS caused by mucous ob-

struction of the Lungs and Air Passages lead-

ing thereto, and Debility from various causes.

Indigestion and habitual Constipation

almost always arise from weakness of the

muscles and nerves of the stomach and bowels.

In such cases, FELLOWS' Compound Syrup of

Hypophosphites has proved itself of the great-

est service by inducing healthy peristaltic

action of the Intestines. The evacuations

soon become copious and healthy, without

producing the effect of purgative medicine.

Weakness of the Joints and Muscles, IN-

FLAMMATION OF THE BRONCHI, and INFLAMMATION

may be cured by attention to the regu-

lar described doses, and by due regard to the

habits of life.

**FELLOWS'**

**Compound Syrup of Hypophosphites**

The power of arresting diseases displayed

by this preparation is honorably acknowledged

by the medical faculty in every section where

it has been introduced, and the large sale is

the best guarantee of the estimation in which

it is held by the public.

This Syrup will cure PULMONARY CONSUMPTION

in the first and second stages, will give

great relief and prolong life in the third. It

will cure ASTHMA, BRONCHITIS, LARYNGITIS

and COUGHS. It will cure all diseases origi-

nating from want of MUSCULAR ACTION and

NERVOUS FORCE.
